

VILLAGE OF RIVER FOREST E-NEWS

Thank you for taking the time to read the Village's E-News. These messages are sent approximately once per month and include timely information regarding Village events, news and other useful information. We strive to keep the content brief and relevant to the issues that matter most to the community.

Message from the Village President

Dear River Forest Residents,

Happy New Year and welcome to 2017!

To start off the year, the Village Board and I will discuss several important topics such as the Village budget, Board goals and our efforts to **improve communications with residents**. We will keep you apprised of these issues in the coming months.

Among the most important things the Village Board does is to determine **how taxpayer dollars are spent** and to set goals that will raise property values, stabilize the property tax burden and ensure a high quality of life and excellent services. I encourage you to **learn more** about Village Board goals, finances and **attend budget review meetings** in March and April. Important meeting dates will be announced in future newsletters.

- The Village Board and I met in November, 2016, to discuss our goals and will formally adopt them at an upcoming meeting. An audio recording of the discussion is

- These goals can be used to help prioritize projects and prepare the Village's annual capital improvement plan (CIP) and budget.
- The Village Board will review the CIP at its January 23, 2017 meeting. The document will be available online [here](#) on January 9, along with other past and present financial documents.
- The Village Board will then review the annual budget in early March and approve it in April.
- When you **patronize businesses in River Forest your tax dollars stay here** and help fund the high quality services you receive. Whether you're buying groceries or gasoline, I encourage you to do it in River Forest.

Speaking of local businesses, if you're looking to fulfill a New Year's resolution, check out a new business, [Cyclebar](#), and help me welcome them to the community. This exciting premium indoor cycling studio is located at 7513 W. Lake Street next to the River Forest Animal Hospital.

On January 23, the Village Board and I will continue deliberations and address Trustees' questions regarding the Sustainability Committee's recommendation that the Village create a Sustainability Commission. In October, the Committee presented its recommendation to the Village Board regarding the need to create a Commission that would provide the community with long-term solutions that would **improve River Forest's environmental stewardship**.

Many thanks to all of the residents who participated in our social media survey in November. We were pleased to find that so many of you are active on social media, and are interested engaging with the Village in new ways. We will report the results and share more news this spring.

[Roy Strom](#) will continue to collect your Christmas trees, wreaths and garland **every Tuesday** for the month of January. Please be sure to remove all ornaments and lights.

Check the website for more news that you can use. Let your neighbors know about the newsletter, and encourage them to sign up for it, if they don't already receive it. For more information, click [here](#).

Holiday Wreaths, Trees and Garland Collection Schedule

Roy Strom will collect Christmas trees, wreaths, and garland on the following Tuesdays:

- January 10
- January 17
- January 24
- January 31

Residents should remove all decorations, lights, metal wiring and place holiday greens on the parkway by 7 AM on the above days. Please note - this does not include yard waste and/or leaves. These collections are for "holiday greens" only.

Lights in the Mirror - How to Conduct Yourself during a Traffic Stop

The Village of River Forest Police Department would like to share resources with residents regarding contact with law enforcement officials. "Lights in the Mirror - How to Conduct Yourself during a Traffic Stop", is a video that was put together by a partnership of the Illinois State Police, the Federal Bureau of Investigations, and other law enforcement agencies.

[Click here](#) to view the video on YouTube.

Please contact River Forest Police Department Officer Glen Czernik (708-714-3543, or via [email](#)), with any questions regarding citizen contacts with law enforcement.

IRS Warns Taxpayers of Numerous Tax Scams Nationwide

As tax season approaches, the Internal Revenue Service, state governments and the tax industry reminded taxpayers to be on the lookout for an array of evolving tax scams related to identity theft and refund fraud.

Every tax season, there is an increase in schemes that target innocent taxpayers by email, by phone and on-line. The IRS and Security Summit partners remind taxpayers and tax professionals to be on the lookout for these deceptive schemes.

Please [click here](#) to read the full summary of the most recent schemes and other helpful information.

The River Forest Police Department hopes everyone enjoyed the holidays and received everything on their wish lists. Now that December 26, the unofficial "National Day of Returns" has passed, we assume you want to keep and protect your new gifts and gadgets. One simple but important step to protecting your property is to determine if an item possesses a unique serial number, and if so, to notate that serial number in a safe location. Vehicles, bicycles, tools, and most electronics will possess a serial number etched, stamped or affixed on them in some way. By notating the serial numbers, you can provide them to police if the items are ever lost or stolen. This is crucial because law enforcement officials can enter the item's serial number into the state-wide stolen property database. If any officers encounter your property and check the serial number in the database, not only will they immediately be able to identify it as lost or stolen, but they will be able to find out where it was reported stolen so that it can be returned to you. Having the serial number also helps police locate property that has been sold to a pawn shop.

Bicycle serial numbers are usually located on the underside of the bottom bracket (where the pedals connect to the bike frame). Some mobile devices with removable batteries will have the serial number printed inside the device under the battery. Other mobile devices which cannot be opened (such as iPhones) may have the serial number listed on the packaging, otherwise it may be found within the software of the device. If you cannot find a serial number, refer to your owner's manual or research online to determine the location. Just make sure that the number you notate is the unique serial number and not the common model number.

New Law of Note for 2017

Approaching Disabled Vehicles (ILCS 625 5/11-907.5)

Drivers on a highway of at least four-lanes, with two lanes proceeding in the same direction, approaching a disabled vehicle with its hazard lights flashing, must make a lane change into the lane not adjacent to the vehicle. If it would be unsafe or impossible to make the lane change, the driver must reduce speed of vehicle.

This law is an addition to an already existing law called "Scott's Law", which mandates drivers to move over or slow down for stopped emergency vehicles. Scott's Law was named after Lieutenant Scott Gillen of the Chicago Fire Department who was struck and killed by an intoxicated driver while assisting at a crash on the Dan Ryan Expressway. Harlem Avenue and North Avenue are examples of four-lane highways which would apply under this law.

Feel free to contact River Forest Police Department Crime Prevention Officer Glen Czernik via [email](#) or by phone at 708-714-

3543 with any questions.

Know the Code!

With the winter continuing, the Village would like to remind you:

- Village code requires residents and business owners to

remove snow and ice from sidewalks in front of and adjacent to their property within 24 hours after an event.

- Snow or ice frozen on sidewalks that cannot be removed without injury to the pavement should be treated with an abrasive material until weather permits further clean-up.
- Parking on Village streets is prohibited after snow exceeds two inches in depth, and for an eight hour period following the cessation of the snowfall.
- Snow removal contractors are prohibited from using snow blowers between the hours of 1 a.m. and 5 a.m.
- The placement of snow or ice on any Village owned street, alley or sidewalk is prohibited.

OPRF High School Board Hires Permanent Superintendent

The District 200 Board of Education is pleased to announce that it has unanimously approved the hiring of Joylynn Pruitt-Adams, Ed.D., as permanent superintendent. Dr. Pruitt-Adams, who has been serving as interim superintendent since July 1, 2016, was chosen after a months-long national search that drew 48 candidates from 12 states and sought input from several dozen local stakeholders, including faculty, staff, students, administrators, parents, and community members. Dr. Pruitt-Adams' new contract began January 1, 2017, and runs through June 30, 2020. [Read more.](#)
