### VILLAGE OF RIVER FOREST AGE-FRIENDLY AD HOC COMMITTEE WEDNESDAY, FEBRUARY 10, 2021

A regular meeting of the Village of River Age Friendly Ad Hoc Committee was held on Wednesday, February 10, 2021 at 7:00 p.m. in the Second Floor Conference Room of Village Hall, 400 Park Avenue – River Forest, IL.

#### 1. CALL TO ORDER/ROLL CALL

The meeting was called to order at 7:04 p.m. Upon roll call, the following persons were:

Present: Chairperson Respicio Vazquez, Chris Hauri, Daniel Lauber, Deborah Frederick,

Lydia Manning, Ron Sherman, James Flanagan

Absent: None

Also Present: Management Analyst Sara Phyfer

#### 2. PUBLIC COMMENT

None.

#### 3. APPROVAL OF MEETING MINUTES

Mr. Flanagan made a motion, seconded by Ms. Manning to approve the January 13, 2021 meeting minutes.

Roll call:

Ayes: Chairperson Vazquez, Chris Hauri, Ron Sherman, Daniel Lauber, Deborah

Frederick, Lydia Manning, James Flanagan

Absent: None Nays: None Motion Passes.

## 4. COMMITTEE MEMBER UPDATES: DEMENTIA FRIENDLY RIVER FOREST AND AGE FRIENDLY COMMUNITIES COLLABORATIVE

Ms. Manning stated the DFRF group will be tabling their meetings until they are able to be active in-person but that they would continute to work on training videos and the website.

Chairperson Vazquez reported that the AFCC did not meet. He also reported that he and Ms. Manning participated in a neighborhood age-friendly collaborative meeting that includes the Austin Council, Forest Park, Oak Park, Maywood, River Forest, and the Oak Park and River Forest Townships. He noted the idea is to work together on initiatives in the area. He stated the Zoning Board of Appeals would be meeting tomorrow at 7:30pm to begin discussing proposed text amendments related to affordable housing.

#### 5. OLD BUSINESS

None.

#### 6. NEW BUSINESS

a. Discussion and Review of Committee Survey Questions

The Committee discussed the comprehensive list of questions that were collected from available surveys. There was discussion about the suggestion of using one survey as the base. The Committee reached a consensus to focus on what was important to learn from each topic and use that to help narrow down the questions.

The Committee also discussed targeting different age bands and the possibility of including mixed methods such as interviews and focus groups.

The Committee reached a consensus to have each member submit its "list of what we want to learn" from each topic to Management Anaylst Phyfer by February 22, and that Ms. Phyfer would then distribute a comprehensive list to the members by February 24, then the members would strike questions from their respective topics and return to Ms. Phyfer by March 1.

There was a brief discussion about what parameters to consider, and Chairperson Vazquez suggested tailoring the considerations to the River Forest community, regardless of what the Village specifically controls.

Chairperson Vazquez stated he would invite members from the Austin Council to attend the Committee's next meeting to discuss their survey efforts.

#### 7. NEXT MEETING: MARCH 10

The Committee reached a consensus to hold its next meeting on Wednesday, March 10 at 7PM.

#### 8. ADJOURNMENT

Mr. Sherman made a motion, seconded by Ms. Manning to adjourn the meeting at 8:07pm.

Roll call:

Ayes: Chairperson Respicio Vazquez, Chris Hauri, Daniel Lauber, Deborah Frederick,

Lydia Manning, Ron Sherman, James Flanagan

Absent: None Nays: None Motion Passes.

#### Scoring system

All questions of the AFCCQ are answered on a 5-point scale, ranging from totally disagree to totally agree.

Scores: -2 = totally disagree; -1 = disagree; 0 = neutral; 1 = agree; 2 = totally agree.

Items marked with an asterisk (\*) should be recoded in the opposite direction (-2=2, -1=1, 0=0, 1=-1, 2=-2)

Sum all scores of the AFCCQ for the total score.

Sum all scores of separate domains for the domain specific score.

Health Services and community supports.

- Do residents feel as if there are ample opportunities within our community to get adequate healthcare
- Are there any gaps in the services provided within our community?

#### Social Participation and social inclusion

- Do residents feel as if there are adequate opportunities for social engagement?
- Is this a function of governmental bodies?

#### Transportation/mobility

- What gaps in existing transportation systems exist?
- Do residents feel if they need door to door services?

#### Civic participation and engagement

• What additional opportunities would residents feel are needed

#### Housing

- What type of housing would be most desirable for people as they age?
- How do housing prices impact one's ability to age in place?
- How do property taxes impact one's ability to age in place?

#### Communication and information

- Do you feel the village and township communicate effectively?
- What type of communication that is not currently used would be helpful?

#### Outdoor spaces and buildings

Do our outdoor spaces currently meet the needs of older adults in our community?

#### Suggestions from Chris Hauri

#### 1. Health Services and Community Supports

- Do they have access to health care that they need/think they need in the future?
- Are there services available to access health care? Help with appointments, transportation?

#### 2. Social Participation

- What groups/activities do they belong to/participate in? (Place of worship, 19th C, library, Arbor West, Forest Park Senior Activities, etc.?)
- Where do they and their friends/family gather in the community (outside go Covid restrictions)? Do they wish for different/more senior-oriented facilities?
- Do they want more social activities and, if so, what types?

# 3. Dementia Friendly Is this a topic for us???

#### 4. Transportation/ Mobility

- Can they get to their place of worship, go grocery shopping or get to the pharmacy on their own?

#### 5. Civic Participation and Engagement

- Do they feel included in the community, feel their opinions are solicited and heard?
- Do they wish for opportunities to be with others their age, e.g. volunteering, social activities, trips

#### 6. Housing (and demographics)

- Are they secure that they would find appropriate housing in the area as they age, if they choose to stay here? If not, why not, what's missing?
- Do they feel the area has sufficient and affordable home maintenance and support services (landscapers, handymen, cleaning, caregivers, etc.) as they age? If not, why not, what's missing?
- Would these a lot of resources (handymen, caregivers, etc.) that have been vetted for safety and reliability for older adults in the community?

# 7. Emergency Preparedness Combine this with Public Safety and Elder Abuse.

#### 8. Public Safety

- Do they feel safe in their own home?
- -Do they know how to proceed in an emergency?

#### 9. Elder Abuse

#### 10. Communication

- Do they have internet access?
- How do they prefer to get information email? Text? Newspaper? Library? Friends? Social?
- Do they receive enough communication from Village and village services?
- Would they use one single source of information for senior residents of the Village
- 11. Outdoor Spaces and Buildings
- Do they want more outdoor seating? More public restrooms?
- Are public buildings safe and accessible (library, village hall, post office)?

#### A few questions:

- Have we decided on who is getting this survey? Huge differences between 65 & 80; fully functional and sight/hearing/mobility impaired. Are we making this age-friendly for people in their "retirement years" or end of lifers? For the average older citizen or the isolated?
- -What will we be basing our recommendations on? This survey or get additional input from community leaders who deal with seniors fire dept, police, clergy, library, etc.

# What we want to learn in each tier

#### Health services and community supports

Local community activities in which respondents participate
[I'll leave this for others with knowledge of this area]

#### Social participation

[Not a clue what we'd want to learn; I'll leave it to others better versed in this area] Identify social activities in which respondents participated in the Before time Identify social activities in which respondents would like to participate

#### Respect and social inclusion

Whether River Forest respects its senior citizens

Whether River Forest does enough to enable its seniors to continue to live here

#### • Dementia friendly

[I leave this to those well versed in this area]

#### Transportation/mobility

Goal is to identify the adequacy, efficiency, and resiliency of the local transportation system: the interconnected network of roadways and parking facilities; sidewalks; paths, bike lanes, and bike racks; and public transit and paratransit equipment, operations, and facilities.

Identify modes of transportation used and frequency of using each mode

Identify dependency on public transportation

Identify transportation self-sufficiency – drive a motor vehicle, use of public transportation

Identify need for personal public transportation

How safe people feel when driving in River Forest, especially at night

Whether the street lighting is adequate to drive safely at night

How safe people feel when walking in River Forest, especially at night

Whether the street lighting is adequate to walk safely at night

Whether stop lights in commercial areas allow adequate time to cross the street (this could get complex – may need to ask about specific locations)

Clarity of directional signs

Clarity of street name signs (can senior read them, do they need more illumination?)

Whether the village needs to recognize the reality of older adult drivers and support their evolving competencies and needs through enhanced roadway design and appropriate visibility and nonglare lighting standards.

#### • Civic participation and engagement

Frequency of voting in village elections

[Honestly don't have a clue]

#### Housing (and demographics)

How long people want to continue to live in River Forest ... in their current home

How important it is to continue to live in River Forest

Types of housing people will want when they get older: single-family detached, townhouse, multifamily, granny flat/accessory apartment (this one may require an explanation)

Importance of being able to live independently in current home as you age

Type of living arrangement when unable to live independently: family-like small assisted living house; large assisted living facility; current home with caregiver; a different home with caregiver, etc

Type of current home: single-family detached, townhouse, multifamily

Type of tenure: own home or rent

Living arrangement: on own and/or with spouse; with children; roommate; caregiver

Monthly cost of housing (rent or mortgage + property taxes + condo association fee)

Source(s) of income to pay housing costs: earnings, retirement income (social security, IRA, 401 K, etc.), investment income

Annual household gross income from all sources

Age

Length of residency in River Forest

#### Emergency preparedness

[Not a clue – no even sure if this is an appropriate topic for the survey]

#### Public safety

How safe people feel when walking in River Forest, especially at night How safe people feel when driving in River Forest, especially at night Whether the street lighting is adequate to drive safely at night Whether the street lighting is adequate to walk safely at night

#### Elder abuse

Whether respondents have been abused as a senior (frequency, abuser, etc.)

Whether respondents have attempted to report elder abuse to the village

[Not really sure this is an appropriate topic for this survey]

[I think the concern here is whether village operators know what to do when they get a call from an abused senior (or anyone, really)]

#### Communication and information

How respondents get their information about village affairs and events (idea is to find out how to most effectively deliver information to seniors: mail, emails, websites, others?

How people feel they are treated at village hall (in the Before Time) by front desk clerks; at village board meetings, etc.

Whether village e-newsletter is helpful

#### Outdoor spaces and buildings

Current use of public spaces (parks, etc.)

Current use of public buildings (i.e. library, community center, etc)

Accessibility of public spaces (however, are we talking accessibility for people with disabilities or getting to the public spaces? – probably will need to define "public spaces")

Accessibility of public buildings (but are we talking about accessibility for people with disabilities or getting to the buildings? – likely will need to define the "public buildings")

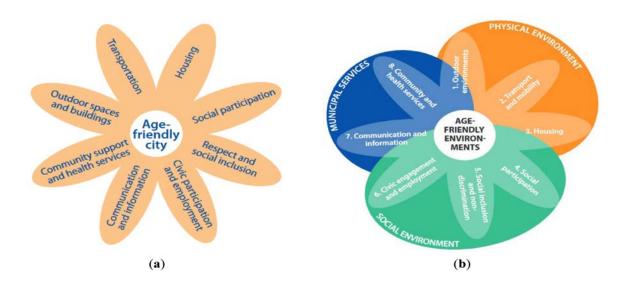

#### Age Friendly River Forest

#### **Grand Tour Questions for the Survey**

1. What is life like for people who are in late-middle, early and later life?

- 2. What does it mean to be age friendly from a community members perspective? How important is it for people to be in an AF community?
- 3. What do citizens notice in their everyday lives of the efforts to be or become an age-friendly city?

# Social Environment (Social participation, Respect and social inclusion, Civic participation and engagement)

- 1. How does accessibility, affordability and sociability of physical spaces contribute to older adults' mental wellbeing, feelings of inclusion, sense of independence and connection?
- 2. How well does the community engage older adults?
- 3. What key factors contribute to feelings of vulnerability and a sense of exclusion?
- 4. What key factors contribute to feelings of resilience and sense of inclusion?
- 5. Are older adults, seen, heard, respected, and valued in the community?
- 6. Do older adults feel their voices are being heard in urban governance and planning, as well as in the programming of services?

#### Health services and community supports

1. In what ways do RF policies, services and structures relate to the physical and social environment and how are they designed to support and enable older people to "age actively"—that is, to live in security, enjoy good health and continue to participate fully in society? (WHO)

#### **Dementia friendly**

1. What role do DF efforts play in the AF plan and program/design for RF?

#### Transportation/mobility

- 1. How important is driving and what is the plan for when driving is no longer an option?
- 2. Is transportation affordable, accessible, efficient, and safe?

#### Housing (and demographics)

- 1. Do people want to age out in RF?
- 2. What will that look like in terms of housing options and affordability?
- 3. What changes need to happen for people to age in community in RF?
- 4. What is the demographic makeup of RF?

#### **Emergency preparedness**

- 1. How prepared do people feel in the event of a disaster or major community wide emergency?
- 2. How prepared are people for individual emergencies?
- 3. Do they have confidence that the village can meet their needs?

#### **Public safety**

- 1. Do people feel safe out and about in their community (street lights, sidewalks, etc.)
- 2. Do people safe at home?

#### Elder abuse

- 1. Do people worry about being abused? Physically, emotionally, financially?
- 2. Do people feel vulnerable and at risk for being exploited?

#### Communication and information

- 1. Are individuals getting the information they need and want and in an effective manner?
- 2. Is the information being disseminated in a manner that is not agaist?
- 3. What role does technology play?
- 4. Does RF need to consider with an age-friendly agenda the need to address and include digital and smart technologies?

#### **Outdoor spaces and buildings**

- 1. How inclusive and accessible are these spaces?
- 2. Are these spaces engaging?
- 3. Do people feel valued and welcome in them?

#### Suggestions from Ron Sherman

#### 1. Health Services and Community Supports

Do residents have access to health care? Are there services available to access health care? Help with appointments, transportation.

#### 2. Social Participation

Do residents have internet access?
Do they know how to use it?
Can they safely see other humans?
Do they want more social opportunities?

#### 3. Dementia Friendly

I have no input for this topic.

#### 4. Transportation/ Mobility

Can residents get to their place of worship, go grocery shopping or get to the pharmacy on their own?

#### 5. Civic Participation and Engagement

No input.

#### 6. Housing (and demographics)

Why are even asking about this? The Village has an Affordable Housing Plan. While it is lacking in the eyes of some folks, I believe this is a useless area for our group to pursue.

7. For categories 7, 8 and 9: Emergency Preparedness, Public Safety and Elder Abuse we should just delete any questions. There were no substantive questions in any of the surveys we reviewed that addressed any of these topics. While 7 and 8 are top of mind for me, most people never think of them.

#### 10. Communication and Information

Again, internet access and ability to use.

#### 11. Outdoor Spaces and Buildings

Do residents want outdoor spaces for exercise or peace? Both? What buildings do they need to access?

#### **MEMORANDUM**

Date: March 5, 2021

To: Age-Friendly Committee

From: Sara Phyfer, Management Analyst/Deputy Clerk

Subj: Ideas for Welcome Packet for the Sheridan

Staff is coordinating a "welcome packet" for residents at the Sheridan, which is scheduled to open in April. It is anticipated that this packet will include the new resident letter from the Village President and materials from the other taxing bodies on their services/programs for older adults.

Staff would also like to invite the Committee to offer ideas for materials to include in the packet. Materials could include information about Dementia Friendly River Forest and this Committee, and a listing of non-profit organizations or events in the area that could be of interest to the residents.

This item is for discussion and no formal action is required from the Committee.
