Chair Franek noted that he thoroughly reviewed those items, along with additional materials provided by staff from the Village of Oak Park, which were read aloud by Deputy Clerk Luke Masella. Based on this review, Chair Franek stated that he believes the Commission does not have jurisdiction over lighting and would argue that it should not.

Commissioner Saeger agreed and noted that, given the number of properties in town, she has never seen lighting highlighted or identified as a feature in any of the surveys she has seen.

Historic Preservation Commission Meeting Minutes
January 29th, 2026

Chair Franek provided an explanation on how the Village determined the properties that were to be placed on the significant properties list.

Dave Dwyer provided public comment and clarified several points he made at the Commission's previous meeting. He emphasized that his concern related to the light poles themselves, not the light emitted from them.

Chair Franek provided an update on the Commission's progress with the rewrite process. The Commission then reviewed the proposed rewrite page by page and discussed the draft in detail.

Chair Franek asked the Commission when the clock should start for the denial of a demolition application. The Commission agreed that the timer should begin once the Commission issues its final determination on the application.

The Commission and staff reviewed the processes for local landmarks and requested that staff provide Oak Park's procedures for comparison. Chair Franek suggested exploring a possible middle ground between the two approaches.

The Commission expressed support for potentially easing some of the more stringent requirements in the local landmark process.

The Commission then reviewed the proposed rewrite page by page, discussing potential changes and alterations.

Deputy Clerk Masella noted that the draft flow charts and Exhibit B will be included for review at the next meeting.

- F. The applicant may present evidence of economic hardship during the public hearing. In any of such events, the Commission shall render a written decision within fifteen (15) days following the completion of a public hearing, and cause the decision to be served upon the applicant.
- G. Reconsideration: An applicant whose application is denied may request reconsideration of the Commission's withholding of a certificate of appropriateness by filing a written request within thirty days after the decision is rendered; provided, however, that the Commission shall reconsider an application only if substantial new evidence or information regarding the subject property is provided, including a claim of economic hardship as set forth in Section 13-1-6(G) of this Chapter, if not previously presented during the public hearing. Such request for reconsideration shall be subject to the provisions of Section 13-1-8-D of this Chapter. Once an application has been denied upon reconsideration, no further applications involving substantially the same relief under this Chapter for any structure, building, site, or area may be filed for one year.
- H. The owner of a Local Landmark or Significant Property as designated on the Significant properties survey shall, from and after the filing of an application for a certificate of appropriateness for the proposed demolition of such Local Landmark or Significant property and until the earlier of (i) the expiration of such demolition delay period

(regarding a Significant property); or (ii) the decision of the Village Board (following an appeal) to reverse the Commission's decision to withhold a certificate of appropriateness for the proposed demolition, meet with the Commission in order to consider and discuss such proposal, as well as explore potential preservation solutions including finding a prospective owner to purchase, preserve, rehabilitate or restore the property (or such other reasonable alternative to demolition). Such meetings shall be scheduled by the Commission and may be conducted by the Architectural Review Subcommittee and do not require a public hearing.

I. Successive Applications:

1. Second Applications Without New Grounds Barred: Whenever any application filed pursuant to this Chapter has been finally denied on its merits, a second application seeking essentially the same relief, whether or not in the same form or on the same theory, shall not be brought unless in the opinion of the Village Administrator and the Village Attorney there is substantial new evidence available or a mistake of law or fact Significantly affected the prior denial.
2. New Grounds To Be Stated: Any such second application shall include a detailed statement of the grounds justifying consideration of such application.
3. Summary Denial with or Without Hearing: Any such second application may be denied summarily, and without hearing, on a finding that no grounds appear that warrant a new hearing. In any case where such application is set for hearing, the applicant shall be required to establish grounds warranting reconsideration of the merits of its application prior to being allowed to offer any evidence on the merits. Unless such grounds are established, the application may be summarily dismissed for such failure.

- J. Burden Of Proof: The burden of proving each requirement for the relief sought shall remain with the applicant throughout all proceedings.

13-1-9 : RECORDING AND NOTICE:

- A. Immediately upon approval of the subject property as a Local Landmark, the applicant shall file a memorandum of such approval with the Cook County Recorder of Deeds. The memorandum shall state that the property is subject to the River Forest historic preservation ordinance, has been certified as a Local Landmark, and shall provide the address and telephone number of the Village to request further information. A file stamped copy of the memorandum shall be provided to the Village Administrator.

- C. The Village Board shall consider only the evidence presented to the Commission, its decision and findings, and the arguments of interested parties. The Village Board shall render a written decision within fifteen days following the completion of a public hearing, and cause the decision to be served on the applicant.
- D. Any decision of the Village Board shall be final. Any decision or finding of the Commission pursuant to this Chapter shall become final if no appeal is taken pursuant to Subsection A of this Section. No permit regulated by the provisions of this Chapter shall issue, nor shall any rights vest therein, until the decision of the Commission or appeal to the Village Board is final.

13-1-11 : PENALTY:

Any person or entity which violates this Chapter shall be guilty of a petty offense and upon conviction thereof shall be punished by a fine of not less than fifty dollars nor more than seven hundred fifty dollars. Every day such violation shall continue to exist shall constitute a separate

are hereby expressly repealed.

SECTION 3: Except as to the Code amendments set forth above in this Ordinance, all

Chapters and Sections of the River Forest Village Code, as amended, shall remain in full force and effect.

SECTION 4: Each section, paragraph, clause and provision of this Ordinance is separable, and if any provision is held unconstitutional or invalid for any reason, such decision shall not affect the remainder of this Ordinance, nor any part thereof, other than that part affected by such decision.

SECTION 5: This Ordinance shall be in full force and effect after its passage, approval and publication in pamphlet form as provided by law.

In the event the subject property is listed on any national or state registry of Historic, Landmark or Architecturally Significant Properties, the Commission may consider such listing as prima facie evidence that the requirements for designation as a Local Landmark have been met.

13-1-5 : WITHDRAWAL OF PROPERTY DESIGNATION:

- A. A previous finding that a property has been designated as a Local Landmark or a Significant Property may be withdrawn by the Commission upon the request of: (i) a member of the Commission after prior written notice to the owner, or (ii) the owner, under any of the following conditions:

 2. Additional information shows that the structure, building, site, or area does not possess sufficient significance to meet the designation criteria;
 3. The original designation was clearly in error; or
 4. There was a material misstatement of fact or prejudicial procedural error in the designation process.

 3. A site plan, photographs and front, side and rear elevations;
 4. A written explanation describing in detail why one or more of the conditions contained in Subsection A of this section has been met with respect to the property in question;
 5. Such other relevant information as may be requested by the Village Administrator

or as the Commission may require.

13-1-6 : CERTIFICATE OF APPROPRIATENESS:

- A. Certificate Required: No repair, rehabilitation, reconstruction, restoration, improvement or signage, to or on a Street Facade of a Significant Property or Local Landmark, shall be done without the prior issuance of the Certificate of Appropriateness and compliance with Sections 13-1-7-A or 13-1-7-B. No demolition of a Significant Property as designated on the Significant Properties survey shall be done without either: (i) the prior issuance of a Certificate of Appropriateness; (ii) the expiration of a certificate of demolition delay issued by the Commission pursuant to Section 13-1-7-D of this Chapter; or (iii) the Village Board's reversal, on appeal, of the Commission's withholding of a Certificate of Appropriateness pursuant to Section 13-1-10 of this Chapter. No demolition of a Local Landmark shall occur unless a Certificate of Appropriateness has been issued or the Village Board has reversed the Commission's denial on appeal.
- B. Exemption: Certificates of Appropriateness shall not be required in connection with compliance with an order or permit issued by either the Director of Public Works or the Village Administrator, or his/her designee, to correct an immediate health or safety problem; provided that such order expressly exempts the project from Certificate of Appropriateness procedures and that such order or permit is made subject to appropriate conditions to advance the purposes and goals of this Chapter.
- C. Requirements for An Application for a Certificate of Appropriateness: Any person or entity required to obtain a Certificate of Appropriateness shall submit a formal application as a precondition to filing for any building permit or commencing any work. The application for a Certificate of Appropriateness shall include the required items listed in Exhibit B.
- D. Construction Standards:
 - 1. The distinguishing original qualities or character of a structure or site and its environment shall not be destroyed.
 - 2. All structures, sites, and areas should be recognized as products of their own time. Alterations that have no historical basis and that seek to create an earlier appearance than the true age of the property are not permitted.
 - 3. Changes that may have taken place in the course of time and which have acquired significance in their own right shall be recognized and respected when dealing with a specific architectural period.
 - 4. Distinctive stylistic features or examples of skilled craftsmanship that characterize a structure, site or area shall be maintained.

5. Deteriorated architectural features shall preferably be repaired rather than replaced. In the event replacement is necessary, the new material should match the material being replaced in composition, design, color, texture, and other visual qualities.
 6. Repair or replacement of missing architectural features shall be based on accurate duplications of features substantiated by historic, physical, or pictorial evidence, or expert opinion.
 7. Demolition of a Local Landmark shall not be permitted if a structure is economically viable in its present condition or could be economically viable after completion of commercially reasonable alterations, even if demolition would permit a more profitable use of such site.
- E. Design Standards: The height, adjacent open space, directional expression, roof type, roof shape, architectural details, landscaping, accessory structures and paving shall be consistent with the original structure.
- F. Additional Provisions: Applicable standards and requirements set forth in the zoning and building codes are to be applied in addition to those set forth in this Section.
- G. Economic Hardship: Any of the requirements of Subsection D or E of this Section or Section 13-1-8 may be waived by the Commission if the applicant shows by clear and convincing evidence, and if the Commission finds that any of the following conditions exist:
1. The applicant's economic circumstances and the condition of the subject property present a substantial hardship; or
 2. Compliance with the requirement(s) is commercially unreasonable and is not essential to achieve the purposes and goals set forth in Section 13-1-1 of this Chapter. The normal escalation of construction or land acquisition costs within the Village, per se, shall not be deemed a hardship or create commercially unreasonable circumstances.

Personal financial information submitted for consideration pursuant to this Subsection shall be considered confidential and shall be disclosed at a public hearing only to the extent necessary for a complete discussion of the issues. Personal financial records, statements and tax returns shall be withheld from public disclosure pursuant to Section 7(1)(b) of the Illinois Freedom of Information Act, 5 ILCS 140/1, *et seq.*, as amended.

13-1-7 : WORK SUBJECT TO COMMISSION REVIEW:

- A. No repair, rehabilitation, reconstruction, restoration, improvement, or signage affecting more than twenty percent of any individual Street Façade of a Local Landmark or Significant Property shall begin, nor shall a building permit be applied for or be issued, until the Commission is notified of the proposed work, including its scope, and the conditions of Subsection B are met. The twenty percent shall be calculated on the total linear footage of any Individual Street Façade, and work may not be divided into multiple projects to evade this threshold.
- B. The Commission shall have thirty days from submission of a completed application meeting the requirements of this ordinance, including the materials required under Section 13-1-6-C, to review the proposed work. Applications involving window replacement may be reviewed by the Architectural Review Subcommittee, which shall complete its review within seven days of submission of a completed application. The Commission shall provide written recommendations, which for Significant Properties and/or Local Landmarks under Section 13-1-7(A) are advisory only and not binding and the work may proceed once the recommendations are received or after thirty days following a submission of a complete application, whichever comes first.
- C. Upon request by an owner or the Commission, and prior to filing for a building permit, the Commission shall schedule a meeting (which the owner or a representative must attend) to consider and discuss proposed work regarding items covered by Section 13-1-7(A) of this Chapter. Such meetings shall not be subject to the requirements of Section 13-1-8 of this Chapter.
- D. Demolition of a Significant Property as designated on the Significant Properties survey shall be delayed as follows:
 - 1. Properties Not Zoned PRI: The demolition of a Significant Property, as designated on the Significant Properties Survey, that is not zoned in the PRI Public, Recreational, and Institutional District shall be delayed for a period of not more than 9 months following the Commission's final decision after a public hearing regarding the issuance of a certificate of appropriateness for such proposed demolition is held pursuant to subsect 13-1-8-C of this chapter.
 - 2. Properties Zoned PRI: The demolition of a Significant Property, as designated on the Significant Properties Survey, that is zoned in the PRI Public, Recreational, and Institutional District shall be delayed for a period of not more than twelve (12) months following the Commission's final decision after a public hearing regarding the issuance of a Certificate of Appropriateness for such proposed demolition is held pursuant to subsect 13-1-8-C of this chapter.
- E. Demolition of a Local Landmark: The demolition of a property designated as a Local Landmark shall not be subject to a delay period, as the Commission's determination regarding the issuance or denial of a Certificate of Appropriateness for such proposed demolition shall be final.

13-1-8 : PROCEDURES FOR COMMISSION REVIEW:

- A. Applications for Principal Structures: The following procedures shall apply to applications, excluding demolitions (see section 13-1-8-C), that involve a principal structure located on a Significant Property or Local Landmark. Applications that trigger Commission review by effecting more than 20 percent of any individual Street Façade may first be reviewed for completeness by the Commission's Architectural Review Subcommittee or at the Commission's next regularly scheduled meeting and do not require a public hearing. Once an application is deemed complete in accordance with the requirements of Section 13-1-6-C, the Commission shall make a final determination at its next scheduled meeting, held within thirty days of the application having being determined complete. If no meeting is scheduled within that period, the Architectural Review Subcommittee shall make the final determination for applications other than those involving proposed demolition. Any application denied without a public hearing shall be set for a public hearing at the applicant's request, in accordance with Section 13-1-8-C.
- B. Applications for Accessory Structures: The following procedures apply to applications involving Accessory Structures located on Significant Properties or Local Landmarks, including garages, coach houses, stables or similar buildings.
 - 1. Such applications may first be reviewed for completeness by the Commission's Architectural Review Subcommittee or the Commission at the next regularly scheduled meeting and do not require a public hearing. During this phase of review, the Commission or the Architectural Review Subcommittee may determine that the application is deemed complete in accordance with the requirements of this Ordinance and further consideration or involvement by the Commission is unwarranted when the structure proposed for alteration or demolition is determined to lack significant architectural, historical, or cultural merit and the proposed alteration or demolition may proceed. Such determination shall be made within 14 days of the submittal of a completed application and be based on the following factors:
 - a. Whether the Structure is located on a Significant Property.
 - b. Whether the Village's Architectural Survey includes comments or information regarding such accessory structure.
 - c. The date of construction of the structure(A building permit can serve as basic evidence of this.)
 - d. The extent to which the accessory structure is similar in design, construction or materials to the principal structure on such Significant Property.
 - 2. If the Commission or the Architectural Review Subcommittee determines that an Accessory Structure warrants full Commission review, the application shall proceed in accordance with the procedures set forth in Sections 13-1-8-A in the case of an application excluding demolition and 13-1-8-C-1 in the case of an application for demolition.

- C. Procedures: Public Hearings regarding applications for proposed demolition of Principal Structure(s) or Accessory Structures(s) located on a Significant Property or a Local Landmark shall be heard in accordance with the following procedures:
1. Hearing Procedures: Within sixty days after an application for a certificate of appropriateness for demolition has been deemed complete by the Commission in accordance with the requirements of this ordinance, or if requested by the applicant pursuant to Section 13-1-8(A) of this Chapter, a public hearing shall be held by the Commission. Notice of such public hearing, summarizing the application, shall be published by Village Staff at least fifteen days (and not more than thirty days) in advance of such public hearing in a newspaper of general circulation in the Village. Said notice shall be sent via U.S. certified mail, return receipt requested by the applicant to all owners of property within five hundred feet of the subject property at least fifteen days in advance of such public hearing. An affidavit regarding proof of mailing of the notice shall be provided by the applicant to the Village prior to the commencement of the public hearing. The Village shall, at the applicant's cost, post a sign in front of the subject building so as to be readily visible from the frontage street at least fifteen days in advance of such public hearing which shall contain the following information: (i) in the case of a proposal demolition requiring a certificate of appropriateness, as described in Subsection 13-1- 6(A), capitalized words: "APPLICATION FOR DEMOLITION PERMIT"; (ii) date, time and location of the hearing; (iii) property address; (iv) name and address of the applicant, if not the owner of the property; (v) name and address of the owner of the property; and (vi) statement that all interested persons will be heard, that written comments may be submitted in advance if such interested person is unable to attend the hearing, as well as information detailing where to obtain copies of the application and meeting agenda.
- D. Hearing Procedures for the application for a Local Landmark Designation: Within 30 days after a complete application for a Local Landmark designation is properly filed in accordance with the requirements of this ordinance a public hearing shall be held by the Commission. Notice of such public hearing, summarizing the application, shall be published by Village Staff at least fifteen days (and not more than thirty days) in advance of such public hearing in a newspaper of general circulation in the Village. Said notice shall be sent via U.S. certified mail, return receipt requested by the applicant to all owners of property within five hundred feet of the subject property at least fifteen days in advance of such public hearing. An affidavit regarding proof of mailing of the notice shall be provided by the applicant to the Village prior to the commencement of the public hearing. The Village shall, at the applicant's cost, post a sign in front of the subject building so as to be readily visible from the frontage street at least fifteen days in advance of such public hearing which shall contain the following information: (i) capitalized words: "APPLICATION FOR LOCAL LANDMARK DESIGNATION"; (ii) date, time and location of the hearing; (iii) property address; (iv) name and address

of the applicant, if not the owner of the property; (v) name and address of the owner of the property; and (vi) statement that all interested persons will be heard, that written comments may be submitted in advance if such interested person is unable to attend the hearing, as well as information detailing where to obtain copies of the application and meeting agenda.

- E. Findings by the Commission: The Commission shall review all evidence and (as applicable), shall determine whether the proposed alteration or demolition of a Significant Property or Local Landmark would be detrimental to the historical, architectural or cultural resources of the Village and the Commission may either:
 - a. Approve, approve with conditions, or deny a Certificate of Appropriateness for proposed alterations to a Significant Property or Local Landmark.
 - b. Approve or deny a Certificate of Appropriateness for the demolition of a Significant Property, with any denial subject to a demolition delay of not more than nine months following the final decision from the Commission for properties not zoned Public, Recreational, and Institutional(PRI) and not more than twelve months following the final decision from the Commission for properties that are zoned PRI.
 - c. Grant or deny a Certificate of Appropriateness for the demolition of a Local Landmark, which the determination shall be final and not subject to a demolition delay.
- F. The applicant may present evidence of economic hardship during the public hearing. In any of such events, the Commission shall render a written decision within fifteen (15) days following the completion of a public hearing, and cause the decision to be served upon the applicant.
- G. Reconsideration: An applicant whose application is denied may request reconsideration of the Commission's withholding of a certificate of appropriateness by filing a written request within thirty days after the decision is rendered; provided, however, that the Commission shall reconsider an application only if substantial new evidence or information regarding the subject property is provided, including a claim of economic hardship as set forth in Section 13-1-6(G) of this Chapter, if not previously presented during the public hearing. Such request for reconsideration shall be subject to the provisions of Section 13-1-8-D of this Chapter. Once an application has been denied upon reconsideration, no further applications involving substantially the same relief under this Chapter for any structure, building, site, or area may be filed for one year.
- H. The owner of a Local Landmark or Significant Property as designated on the Significant properties survey shall, from and after the filing of an application for a certificate of appropriateness for the proposed demolition of such Local Landmark or Significant property and until the earlier of (i) the expiration of such demolition delay period (regarding a Significant property); or (ii) the decision of the Village Board (following an

appeal) to reverse the Commission's decision to withhold a certificate of appropriateness for the proposed demolition, meet with the Commission in order to consider and discuss such proposal, as well as explore potential preservation solutions including finding a prospective owner to purchase, preserve, rehabilitate or restore the property (or such other reasonable alternative to demolition). Such meetings shall be scheduled by the Commission and may be conducted by the Architectural Review Subcommittee and do not require a public hearing.

I. Successive Applications:

1. Second Applications Without New Grounds Barred: Whenever any application filed pursuant to this Chapter has been finally denied on its merits, a second application seeking essentially the same relief, whether or not in the same form or on the same theory, shall not be brought unless in the opinion of the Village Administrator and the Village Attorney there is substantial new evidence available or a mistake of law or fact significantly affected the prior denial.
2. New Grounds To Be Stated: Any such second application shall include a detailed statement of the grounds justifying consideration of such application.
3. Summary Denial with or Without Hearing: Any such second application may be denied summarily, and without hearing, on a finding that no grounds appear that warrant a new hearing. In any case where such application is set for hearing, the applicant shall be required to establish grounds warranting reconsideration of the merits of its application prior to being allowed to offer any evidence on the merits. Unless such grounds are established, the application may be summarily dismissed for such failure.

- J. Burden Of Proof: The burden of proving each requirement for the relief sought shall remain with the applicant throughout all proceedings.

13-1-9 : RECORDING AND NOTICE:

- A. Immediately upon approval of the subject property as a Local Landmark, the applicant shall file a memorandum of such approval with the Cook County Recorder of Deeds. The memorandum shall state that the property is subject to the River Forest historic preservation ordinance, has been certified as a Local Landmark, and shall provide the address and telephone number of the Village to request further information. A file stamped copy of the memorandum shall be provided to the Village Administrator.
- B. All sale contracts for properties designated as Local Landmarks shall contain a rider in substantially the following form, signed by the buyer and seller:

Those seeking to purchase property in River Forest should be aware of this Ordinance, a copy of which is available for review at the River Forest Village Hall, separate and apart from the Village's Zoning Ordinance and Building Codes.

- C. The Village Board shall consider only the evidence presented to the Commission, its decision and findings, and the arguments of interested parties. The Village Board shall render a written decision within fifteen days following the completion of a public hearing, and cause the decision to be served on the applicant.
- D. Any decision of the Village Board shall be final. Any decision or finding of the Commission pursuant to this Chapter shall become final if no appeal is taken pursuant to Subsection A of this Section. No permit regulated by the provisions of this Chapter shall issue, nor shall any rights vest therein, until the decision of the Commission or appeal to the Village Board is final.

13-1-11 : PENALTY:

Any person or entity which violates this Chapter shall be guilty of a petty offense and upon conviction thereof shall be punished by a fine of not less than fifty dollars nor more than seven hundred fifty dollars.
