You are receiving this notice because our records indicate that you own property within 500 feet of the proposed development site.

The DRB held a public hearing on this matter on March 5, May 7, June 18 and July 16, 2020, and, by a vote of 5-2 at its July 16, 2020 meeting, recommended that a planned development permit be granted with the following conditions:

1. The Project be developed in accordance with the plans in the Amended Application, as most recently amended and supplemented by the Petitioner before the vote of the DRB on July 16, 2020, and presented to the DRB at the Hearing, including the use of proposed building materials.
2. Prior to issuance of a building permit for any portion of the Project, the Property owner shall post a letter of credit in favor of the Village in a form acceptable to the Village Attorney, or a cash deposit with the Village, equal to 125% of the Village Engineer's estimate of the costs of the public improvements of the Project, to secure the completion, maintenance, and/or repair of the public improvements. The letter of credit or cash deposit shall be held, if not already drawn and/or spent, for no less than six (6) months after issuance of the final certificate of occupancy for the Project.
3. Prior to issuance of a building permit for any portion of the Project, the Property owner shall post a letter of credit in favor of the Village in a form acceptable to the Village Attorney, or a cash deposit with the Village, in an amount determined by the Village Engineer, to secure the repair of any damage to public property occurring during the construction of the Project. 4. If it is determined that the Common Areas are not in conformity with applicable

ordinances, laws and regulations, the Village shall give the owner of the Common Areas ("Association") written notice of such determination. Further, the Village shall have the ability, but not an obligation, to correct or to compel the correction of any problem concerning maintenance or any work required by any ordinances, laws or regulations of the Village or any other governmental entity, after providing fifteen (15) days written notice to the Association, provided, however, that no notice shall be required in the event of an immediate threat to public health, safety and welfare. If the Association fails to perform the necessary maintenance or work within fifteen (15) days after the date of notice, the Village shall have the right to perform or cause to be performed, such maintenance or work necessary to preserve the Common Areas, to fulfill the requirements of applicable ordinances, laws, or regulations of the Village or any other governmental entity. All the Village's costs, charges and expenses thereof in enforcing its authority under the easement, including its reasonable attorney's fees and court costs, shall thereupon be a lien against the Common Areas.

5. All landscaping proposed and installed at the Property must comply with the Village Code and be approved by the Village.
6. The Village shall not waive the Petitioner's required contribution of funds or land to the local school districts, as required under Section 10-23-4 of the Village Zoning Ordinance.

8. No construction materials for the Project shall be stored any parkway or Village sidewalk, or any other public way or property maintained by the Village.
9. The guest parking spaces on the Property, and the public way shall not be utilize to store snow removed from the Property. The Property shall comply with a snow removal plan that is approved by the Village's Director of Public Works.
10. The internal alleyway at the Property, and the guest parking spaces shall be constructed of permeable paver bricks, similar to that of the alley bordering the Property to the east.
11. Boats, trailers and recreational vehicles shall not be parked at the Property, and the declarations for the Property shall prohibit the parking of boats, trailers and recreational vehicles thereon.

The public hearing has been closed and the Village Board is required to consider the DRB's recommendation.
