VILLAGE OF RIVER FOREST

FACT SHEET

River Forest is a vibrant community of beautiful homes, dedicated to high cultural and educational ideals, and emphasizing service to its population. The affluence of its early settlers shaped the character of the community. They built large, lovely homes and donated land and money to build fine schools and churches. River Forest is known as the “Village of Churches and Schools”. This together with River Forest’s appealing wooded comforts and proximity to Chicago attracted other wealthy families to the Village.

River Forest has been a settled community for more than 15 decades; it is two and one half square miles in area and has a population of 11,172 residents. During the early years well-known architects practiced their art in the village. As a result, homes in River Forest reflect the many periods of home design. Superb examples are contained within an historic district, encompassing a quarter of the community’s residences and displaying an array of Italianate, Queen Ann, Medieval, and Classic Revival architectural designs. Prominent Prairie School designs by the pioneering architectural genius Frank Lloyd Wright are also present.

Most of River Forest’s dwellings were constructed before World War II, several sections of the community contain modern, four and five story condominiums and apartments offering luxury with the demand of single family home ownership. Homes range in price from \$185,000.00 to over \$4,000,000.00.

River Forest is a Village form of government with a Village President and six Trustees. A full time professional Village Administrator runs the day to day operations. There is a fully manned Police Department, full time Fire Department, and a full time Public Works Department.

The River Forest Town Center, containing shops and eateries and has been very successful.

River Forest is the home of Dominican University (formerly Rosary College) affiliated with the Roman Catholic Church and Concordia University with the Lutheran Missouri Synod Church.

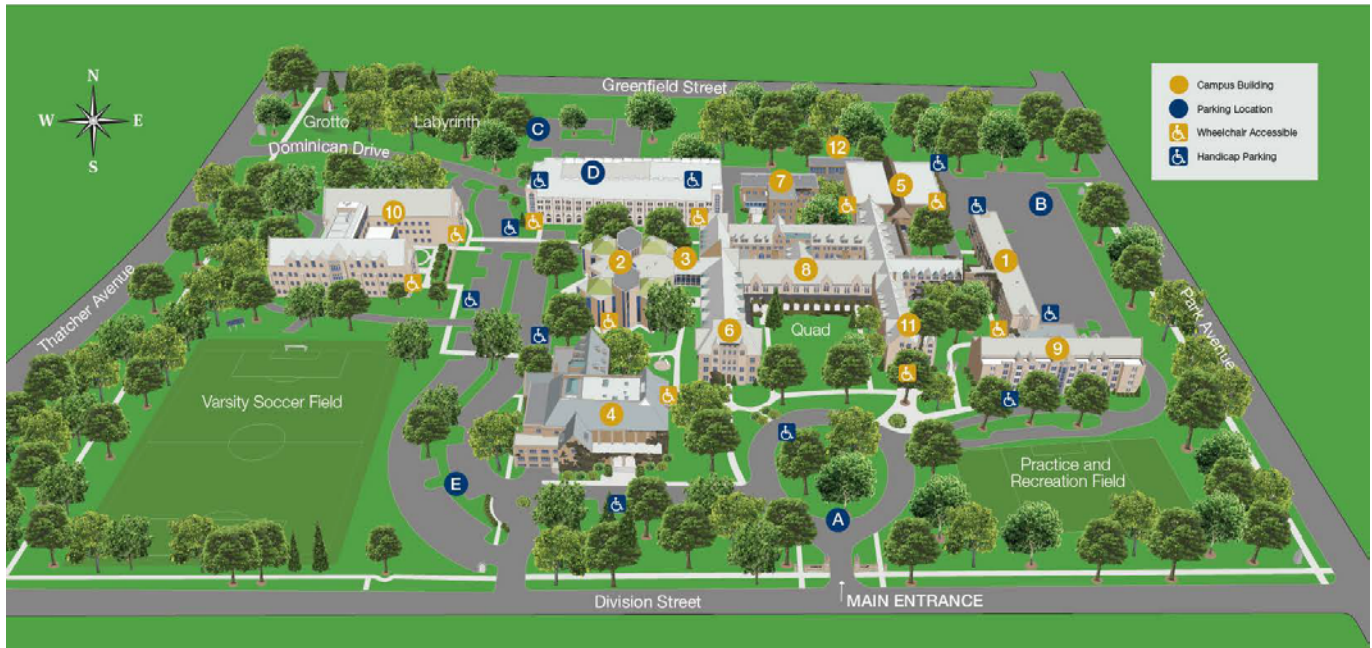

Almost fully developed, the village strives for maintenance and improvement of its infrastructures, assuring future generations the same high standard and quality of life that is a tradition in River Forest.
